Sound Levels

Whispering is not required anywhere in the Library. However, we ask you to be aware of the volume of your voice or any audio devices you use, including in study rooms.

E-Books – The “Invisible” Resource

The Library has access to over 3,000 electronic books linked from its WebVoyage online catalog. These valuable resources will be missed if you only browse the Library’s book shelves. Our e-book collection provides a substantial number of titles in biomedical research and biotechnology, behavioral and social sciences, and statistics, as well as many other fields. Major sources are Elsevier, SAGE, CRC Press, Wiley,

Springer, and the American Psychiatric Association.

iPad “Mobile Classroom”

The Library has fifteen iPads in a mobile charging cart that can be used for classes. If you are the instructor of a class who needs the iPads, please reserve them in advance.

Thank You.

We appreciate the generous support of the following:

Dr. Tom Belt
Dr. William Girard
Dr. Gary Gross
Dr. Susan Rountree

New Books
