Subject: Application for Emergency Grant Funding (CARES Act)

Importance: High

Attention Students:

The University of Texas is committed to assisting currently enrolled students affected financially by COVID-19. Pursuant to the Congressional approval of the ***Coronavirus Aid, Relief and Economic Security (CARES) Act***, limited funding has been appropriated to assist students enrolled in higher education institutions. If you have been directly affected by COVID-19 and have incurred expenses related to the disruption of campus operations, you are encouraged to use the link below to complete an application for emergency grant funding. Examples of expenses include but are not limited to food, housing, course materials, technology, health care, child-care, and other expenses incurred as a direct result of COVID-19.

Please note that funding is limited and will be awarded on first come, first served basis. Students in need who may not meet the qualifications for CARES funding are encouraged to still complete the application in order to be considered for other emergency grant funding provided by the institution as it becomes available.
